Anschlussgewinde-Dichtring || Sealing ring for connecting thread 3Mxx-D

TECHNISCHE DATEN:

Aufbau

Anschlussgewinde-Dichtring	Polyethylen PE-LD (low density)

Eigenschaften

	• zur besseren Abdichtung am Anschlussgewinde
Temperaturbereich	-30 °C / +90 °C
Hinweis	montierter Dichtring ermöglicht höhere Schutzart

TECHNICAL DATA:

Configuration

Sealing ring for connecting thread	Polyethylene PE-LD (low density)

Properties

	• for improved sealing on the connecting thread
Temperature range	-30 °C / +90 °C
Comment	assembled sealing ring enables higher protection grades
